LAKE IS ABOUT OPENED UP AT THE FEAST OF THE PASSOVER

Jewish People Will Observe Anniversary for One Week

Within a few days, Pesach, the ananal Feast of Passover or of unleav ened bread, will be celebrated in Jew

ish homes and synagogues, This, the oldest feast of the Jewish alendar, dates back 3,300 years. The awakening of spring has its normal appeal and its practical symbolism very primitive people. The agricularat aspect of this holiday is seen in the phrase "That it is to be kept in the season of the month of ripenings when the barley sown in winter ha secome ripe and when an offering con disting of an omer tone-half gallons of burley was brought in gratifule to the Giver of all good.

The historical significance of the estival has over-shadowed its agriculural aspect. As the Feast of Freedom BOWLERS FAIL TO OUST THESE t commemorates the emancipation a Israel from Expptian bondage and the seople's entrance into the dignity and estiny of national life. It thus marks he birth of the Hebrew people. The main characteristic of its celebration nas always been domestic; in the tomes the families and the tayited vening) to recount in song and story ols of this seder service are the custed lamb bone, reminding them of he lamb that was slaughtered as a natzah or unleavened bread, to be oten during the whole week, recalling not only the basty preparation with which the brackites hurried out of Egypt, but also their absolute reliance open God and readiness to trust in Histeadership of them; and the bitter herles, suggesting vividly the bitter. life of their forefathers in Egypt, which, even today, have not lost their

elignant application, Two other symbols of the table decrations should be noted, namely, the four cups of wine allowed to each onare symbolical of the four-fold phrain which God couched the first "dolaration of independence," and the cu of wine meant for the prophet Elijah. who, always present in spirit, brought over anew the message of undala hope of the Messianic resign of universal justice, freedom and peace. The Feast of the Passover has not lost its thrilling significance to the moder Jew. To those still pining in slaver. n Russia and Roumania it sings the ms of ultimate redemption, while t hose living under the than of freedom teaches the undying lesson of grat ide, together with an impresiation the hither civic and religious files

The Kerredge theater was filled to apacity iast evening when "The Quaker Girl" was presented by a comsany of 78 people, headed by Victor Morley. The play, a musical comedy was one of the best seen here for man seasons. Victor Morley in the leading role is the life of the play and his actng na a comedian was excellent.

Connie Mack, Harry MacDonough and William Blazdell handled their parts with exactness and their work moters here this evening and an an was highly commendable, Dixie Girard. who impersonates the Princess Mathllade, handles the heavy portion of the singing and she succeeds very well. She is ably assisted by a chorus of pretty girls, this being one play remarkable for having a chorus made up of pretty faces and excellent voices.
